Course

NSG 511 - Applied Interprofessional Collaboration

This course prepares forensic professionals to lead and participate effectively in interprofessional teams. Students will develop protocols for coordinated care, identify key partners and their roles in forensic investigations, and assess systemic and organizational barriers to collaboration. Emphasis is placed on evaluating and clearly articulating the unique contributions of the forensic nurse within multidisciplinary settings.

Grade Basis: L
Credit hours: 3.0
Lecture hours: 0.0
Lab hours: 0.0
